

# WELCOME GUESTS

In these times of uncertainty, we know how important it is to be able to rely on the safety and quality of Five Star Food Service's brands like Avenue C and our fresh food products. We are proud to be able to continue to provide you with nourishing and flavorful food that you can trust. Food that we hope brings a bright spot to your day.

As our guest, we want you to know that we are taking the potential threat of COVID-19 (commonly called the coronavirus) very seriously. Your safety is our top concern. Fortunately, we are experts in food safety and can be counted on to make and deliver food in a clean and safe manner. The fresh food offered to you is prepared and packaged in our Production Facility, where fresh ingredients are coupled with state-of-the-art tools in refrigeration, and a staff well-versed in food handling safety. This facility is rigorously inspected by the United States Department of Agriculture (USDA) and the Food, Drug Administration (FDA), and the Georgia Department of Agriculture. Our good manufacturing practices along with our standard sanitizing operational procedures lay the foundation for manufacturing all of our products in a clean wholesome environment.

Feel confident that you are purchasing a wholesome creation that is prepared in a sanitary environment.
